What differences are there between laminate, engineered and solid wooden Flooring?

Laminate Wooden Flooring: pressed particle board with a photograph of wood applied to the surface. Laminate flooring contains NO actual wood. It can be installed almost anywhere, using a click together or glue installation.

Solid Wooden Flooring: Generally a 3/4" thick solid piece of wood. It can be installed on or above grade by a staple or nail down application.

Engineered Wooden Flooring: Flooring made up of layers of real wood veneers. The graining of each layer runs in the opposite direction of the layer above and below it, thus acting as a check and balance system, keeping the wood from expanding or shrinking too far in one direction. Engineered floors are ideal for areas of high humidity or dramatic temperature changes. It can be installed above, on or below grade using glue, nail, staple or floating applications.

Wood Types

Acacia Wood
Afrormosia Wood
Alfzelia Wood
Aldert Wood
Alder Wood
Amapa Wood
Andiroba Wood
Ash, American White Wood
Aspen Wood
Bamboo Wood
Beech Wood
Beach, European Wood
Beech, American Wood
Bilinga Wood
Birch Wood
Birch, American Wood
Birch, English Wood
Bubinga Wood
Cabrevu Wood
Cambara Wood
Cambara, Brazil Wood
Cedar, Western Red Wood
Cedar, American Wood
Cherry, American Wood
Cherry, Brazilian Wood
Cherry, European Wood
Chestnut Wood
Chestnut, Brazilian Wood
Chestnut, Sweet Wood
Cork Wood
Cumara Wood
Curupay, American Wood
Curupay, Brazilian Wood
Cuta Blanca Wood
Cypress, American Wood
Danta Wood
Douglas Fir Wood
Doussie Wood

Elm, White Wood
Elm, American Wood
Elm, English Wood
Fir Wood
Greenheart Wood
Hickory, American Wood
Idigbo Wood
Ipe Wood
Iroko Wood
Jarrah Wood
Jatoba Wood
Jelutong Wood
Karri Wood
Kempas Wood
Kerunig Wood
Kulim Wood
Lacewood, Australia. H Wood
Lacewood, Brazil Wood
Larch Wood
Larch, European Wood
Larch, Japanese Wood
Lemon Wood
Limbali Wood
Lime Wood
Louro Preto Wood
Mahogany, American Wood
Mahogany, African Wood
Mahogany, Honduras Wood
Mahogany, Santos Wood
Maple Wood
Maple, American Acer (sugar) Wood
Maple, Canadian Wood
Maple, Soft Wood
Meranti Wood
Merbau Wood
Mesquite, American Wood
Moabi Wood
Mouteyne Wood
Niove Wood
Oak Wood
Oak, American red Wood
Oak, American White Wood
Oak, Australian Wood
Oak, German Wood
Oak, English Wood
Oak, European Wood
Oak, Tasmanian Wood
Obeche Wood
Opepe Wood
Padauk, African Wood
Panga – Panga Wood
Pau- Amarelo Wood
Pecan, American Wood
Pine Wood
Pine, American Wood
Pine, British Columbian Wood
Pine, Canadian red Wood
Pine, Scots Wood
Pine, Southern Wood

Pine, yellow Wood
Poplar Wood
Preto Wood
